## STOCKS WENT BOILING TO NEW HIGH RECORDS

Market So Strong That Shares He! Large Net Gains Even After Wild Advance.

BAILROADS FAIL TO MOVE

Upward Movement of Motor Securities Said to Be Caused by Automobile Industry Is Entering New

BY BROADAN WALL.

NEW YORK, Oct. 8 .- Stocks went boiling to new high records in Wall Street todaya So strong was the market that they held very large neterains even after the wild advance. The upward movement was participated in by practically the entire list of industrials. The rallroads were eigelected. Several alleged reasons were given for the advance in stocks. Dut the real one was that rich men cannot sell on account of the income tax and there is such a small supply by securities affort that pools can do about what they please. Street todaya So strong was the marof securities affort that pools can do about what they please, it Improvement of the President's health was talked of as an argument of the higher prices. So was the failure to the steel strike here and of the rail strike in England. There was some rejoicing over the crop report, which proved a bountiful barvest had been gathered. But that had been expected and really was not new Money was run up to 9 per cent for a few was run up to 9 per cent for a few was run up to 9 per cent for a few hoans, but that created no diversion for everybody knows there is an abundance of money.

Steel Lends Market.

Steel Leads Market.

U. S. Steel was naturally the leader of the market and when it advanced more than three points and touched the than three points and touched the street abandoned all caution in buying stocks. This advance in steel was made in the face of open working for insiders. Judge Gary's selling by brokers supposed to he estimate of the book value of United States Steel has made a great impression on the invest world.

anation that the automobile indus-y is entering a boom period. Baldwin was again in the limelight, he pool moved it up with extreme ise and is already talking of a new igh record soon to be established. Tobacco stocks were quiet most of it day, but activity of Retail Stores is the last hour showed that they ere merely resting. Strength of the arious chain store stocks persisted,

Gorgeous Coloring and Barbarie Pat-terns of Dressing Gowns Baf-fle Description.

LONDON. Oct. 8.—S.10ps in Jermyn and Bond Streets, which cater to London's ultra-fashionable men's trade are displaying fantastic arrays of dressing gowns—gowns whose gorgeous colorings and barbaric patterns baffle description. Demand for these garments is declared to have been unprecedented in former seasons. They are being offered in the most flimsy of gossamer fabrics or more substantial, but quite as highly-colored, washable silks—at prices which vary from \$10 to \$35.

One writer, commenting on the vogue of these garments, declares "the bathroom parade at fashionable hotels is going to be worth the entertainment tax." No new points were taken up in

As further evidence of the growth of South Richmond as a manufacturing locality, it became known yesterday that The Simmons Company, of Kenosha, Wis., a \$40,000,000 concern having manufacturing plants in nearly every State in the Union, had purchased a tract of property between Second and Fourth, Hull and Bainbridge Streets, as a site for its future activities. Full to Elect Officers.

Because of the small attendance at the meeting of the Central Trades and Labor Council and the meeting of the Plumb Plan League last night at the Labor Temple, at Fifth and Marshall Streets, permanent officers of the league were not elected. It was announced, however, that the election of officers will take place in the near future.

LONDON, Oct. 8.—The Welsh tin-plate industry has sent to the United States a technical delegation with in-structions to make special inquiry into he sysems used in that country for the intensive production of tin-plate. The delegates will represent the South Wales and Monmouthshire Tinplate Industrial Council, an organi-zation made up of employers and em-ployees.

ployees.
Thirty years ago such an inquiry would have been received with blank amzement, for the industry at that time was scarcely established in America and Welsh timplate makers led the trade of the world.
